WORKING EXPERIENCE

Data Scientist

ONE LOGIC

📅 01/2022 – Today

📍 Munich, Germany

- Design of a framework in Python to generate test data for solutions build in ONE LOGIC's development platform ONE DATA, e.g., to enable integration tests or facilitate customer presentations
- Translation of user research data into an information flow design for the workforce planning activities of a large enterprise that enabled the UX/UI team to create a click dummy with high user acceptance

Consultant

adesso insurance solutions GmbH

📅 12/2020 – 12/2021

📍 Munich, Germany

- Consultation of upper management on a cross-functional data strategy, e.g., by giving a speech at an executive leadership meeting
- Designing and giving customer training sessions regarding adesso insurance solutions's software products with a focus on data models and historicization

EDUCATION

Ph. D. Student in *Statistics and Operational Research*

Lancaster University

📅 10/2018 – 08/2020

📍 Lancaster, United Kingdom

- **Research Topic:** Detection of structural changes in networked data streams in cooperation with BT (formerly British Telecom)

M. Res. in *Statistics and Operational Research*

Lancaster University

📅 10/2017 – 09/2018

📍 Lancaster, United Kingdom

- **Courses** (excerpt): *Likelihood Inference, Bayesian Inference, Computational Intensive Methods, Probability and Stochastic Processes, Optimisation*
- **Final mark:** 72.83 out of 100 (pass with distinction)

M. Sc. in Management, Business and Economics

RWTH Aachen University

📅 04/2013 – 06/2017

📍 Aachen, Germany

- **Specialisation:** General Management
- **Final Mark:** 1.3 (pass with distinction)

M. Sc. in Electrical Engineering, Information Technology and Computer Engineering

RWTH Aachen University

📅 10/2012 – 07/2015

📍 Aachen, Germany

- **Specialisation:** Biomedical Engineering
- **Final mark:** 1.5 (very good)

PERSONAL PROJECTS

Seal dash board

(<http://where-is-rob-oliver-pandagoesdatascience.eu.pythonanywhere.com>): Scraping, pre-processing and visualization of seal admissions to a rescue station in Friedrichskoog using Python and AWS

Analysis of the effect of neuro-stimulation on the resting heart rate

Fitting of a random-effects model to medical-trial data in order to analyze the effectiveness of a medical prototype (neurostimulator)

DATA SCIENCE

Python & R SQL git statsmodels
pandas numpy scikit-learn Java
matplotlib, seaborn Regression
Optimization Problems Clustering
Changepoint Detection Classification

CERTIFICATIONS

Certified Professional for Requirements Engineering - Foundation Level

Requirements documentation, verification and validation as well as their management throughout the end-to-end product life cycle

LANGUAGES

- German (native)
- English (business fluent)

AWARDS

Springorum-Denkermünze Award for exceptional academic achievements

RWTH Aachen University

📅 2018

📍 Aachen, Germany

INTERESTS
